Innovation and Sustainability in Governments and Companies: A Perspective to the New Realities

Editor: Ernesto Leon-Castro, Universidad Católica de la Santísima Concepcion, Chile
Manoj Sahni, Pandit Deendayal Energy University, India
Fabio Blanco-Mesa, Universidad Pedagógica y Tecnológica de Colombia, Colombia
Victor Alfaro-Garcia, Universidad Michoacana de San Nicolas de Hidalgo, Mexico
Jose Merigo, University of Technology Sydney, Australia

Innovation and sustainability are issues that have become very relevant in recent years. This book presents a compilation of investigations on these topics, divided into those applied in government or enterprises. The objective is to demonstrate to the audience how these issues have been worked around the world and in different scenarios. Among the papers, there are works related to economic variables, imports, exports, and analysis in different sectors such as tourism, agriculture, education, and even in countries in general.
