River Publishers

# 2nd International Conference on Smart Computing and Communication for Sustainable Convergence (ISCCSC 2025)

**Editors:**

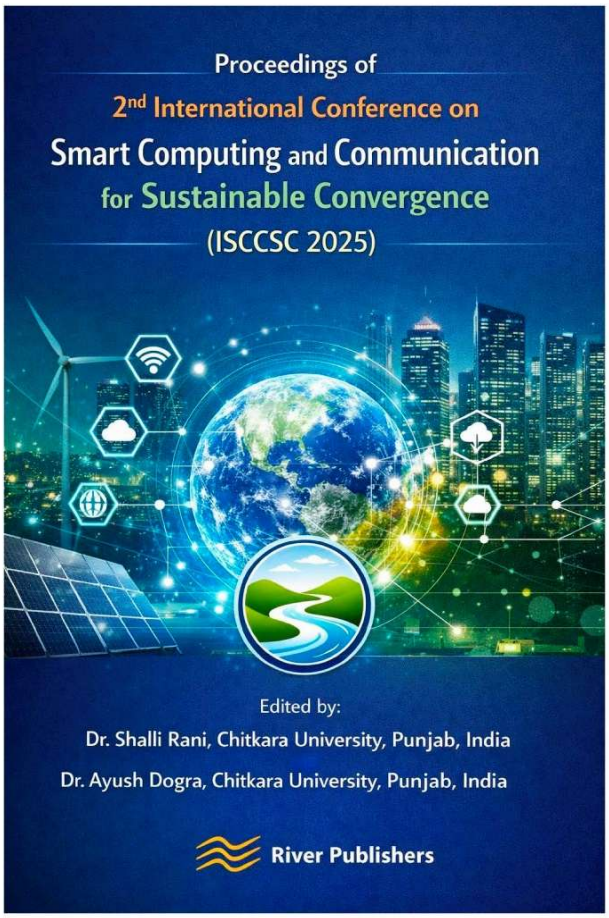
Shalli Rani, Chitkara University, Punjab, India

Ayush Dogra, Chitkara University, Punjab, India

The proceedings of the 2nd International Conference on Smart Computing and Communication for Sustainable Convergence (ISCCSC 2025) present cutting-edge research contributions in the domains of Artificial Intelligence, Machine Learning, Internet of Things (IoT), Smart Healthcare, and Intelligent Systems.

The volume highlights innovative methodologies, experimental evaluations, and real-world applications focusing on sustainable and intelligent technological advancements. Special emphasis is given to AI-driven healthcare solutions, predictive analytics, smart communication systems, and immersive technologies such as Virtual Reality for training and simulation.

All papers included in this volume have undergone rigorous peer review and contribute significantly to advancing research in smart computing and sustainable convergence technologies.



## River Publishers Series in Proceedings

**e-ISBN:** 9788743814399
**Available From:** April 2026
**Price:**

**KEYWORDS:**
Artificial Intelligence, Machine Learning, Deep Learning, Brain Disease Prediction, Healthcare Analytics, IoT, Virtual Reality
