

Performance Modelling and Analysis of Heterogeneous Networks

Edited by **Prof. Demetres D. Kouvatsos**, *PERFORM – Networks & Performance Engineering Research Unit, University of Bradford, U.K.*

ISBN: 978-87-92329-18-9

Description

Over the recent years, a considerable amount of effort has been devoted, both in industry and academia, towards the performance modelling, evaluation and prediction of convergent multi-service heterogeneous networks, such as wireless and optical networks, towards the design and dimensioning of the next and future generation Internets.

This book follows *Heterogeneous Networks: Traffic Engineering, Performance Evaluation Studies and Tools* and presents recent advances in networks of diverse technology reflecting the state-of-the-art technology and research achievements in performance modelling, analysis and applications worldwide.

Technical topics discussed in the book include:

- Multiservice Switching Networks;
- Wireless Ad Hoc Networks;
- Wireless Sensor Networks;
- Wireless Cellular Networks;
- Optical Networks;

Heterogeneous Networks: Performance Modelling and Analysis contains recently extended research papers, which have their roots in the series of the HET-NETs International Working Conferences focusing on the 'Performance Modelling and Evaluation of Heterogeneous Networks' under the auspices of the EU Networks of Excellence Euro-NGI and Euro-FGI.

River Publishers

Heterogeneous Networks: Performance Modelling and Analysis is ideal for personnel in computer/communication industries as well as academic staff and master/research students in computer science, operational research, electrical engineering and telecommunication systems and the Internet.

Contents

Preface; Participants of the Reviewing Process; 1. Multiservice Switching Networks; 2. Wireless Ad Hoc Networks; 3. Wireless Sensor Networks; 4. Wireless Cellular Networks; 5. Optical Networks; Author Index; Keyword Index.

Keywords

Heterogeneous networks, performance modelling and analysis, wired networks, wireless networks: ad hoc, sensor and cellular, optical networks, next and future generation Internets

Pricing

Book Available: March 2009

List Price: €90
