### About the event

The 21<sup>st</sup> International Symposium on Wireless Personal Multimedia Communications (WPMC- 2018) and 6<sup>th</sup> Global Wireless Summit (GWS -2018) will be jointly held in Chiang Rai, Thailand from the 25<sup>th</sup> to the 28<sup>th</sup> of November 2018, Co-hosed by Center for TeleInfrastruktur Global Capsule (CGC) and Mae Fah Luang University (MFU). The theme of this year's conference is **Body and Mind Integration through Information and Communication Technology**.

### Introduction to WPMC

The WPMC symposia series were inaugurated in 1998, as a global platform which aims at enabling collaboration in the field of wireless information. Held in Asia, Europe and America, WPMC has established itself as a unique global conference dedicated to wireless multimedia convergence. Continuing the series, the 21<sup>st</sup> WPMC will bring together academia, industries and standardization bodies to explore activities, trends and future challenges towards ICT globalization for health and wellness issues in existing and future wireless technologies.

### Introduction to GWS

Global Wireless Summit (GWS) is the continuous event of one of the world's largest annual international conferences on wireless technology covering its latest advances. A key emphasis of this year's conferences is borderless smart society - bridging across industries, public and private companies, universities, research labs, and other knowledge societies in exploration of the newest wireless technologies pursuing new ways of living as well as innovative and sustainable solutions for the future.

We look forward to receive your contributions and to see you at the joint conference of WPMC-2018 and GWS-2018.

### WPMC-2018

1. Wireless Communications and PHY.
2. Wireless Networks.
3. Communications Services and Multimedia Applications.
4. Wireless Communications, Vehicular Technology, Information Theory and Aerospace & Electronic Systems.
5. Security and Privacy in Communications.

### Technical Tracks

### GWS-2018

1. Multi business model innovation in a world of human bond communication.
2. Persuasive Business Models for Next Generation Communications and Future Networks.
3. Imperative Business Models for the Technology for Society: Intelligent Systems, Sustainable Energy, eHealth, and Big Data.
4. Next Generation Communications.
5. Next Generation Security.

### Additional Proposals

A proposal for Special Sessions, Tutorials, Workshops, Panel Sessions, and Round Table topics can be submitted before the deadlines. The session topic can be varied upon one's interest but still relate to the technical tracks.
