Call for Papers: Journal of Industrial Engineering and Management Science

Special Issue on “Maintenance Performance Measurement and Management”

**Context.** This special issue is based on - but not limited to - selected papers presented at the Maintenance Performance Measurement and Management Conference (MPMM 2018), which was held in Coimbra, Portugal, on June 21-22, 2018.

**Theme and Scope.** Nowadays maintenance is having a new emphasis, because it is one of the strategic tools to increase the company’s competitiveness. Simultaneously, today’s technologies, both in innovation and price, permit to implement new solutions to reach this objective. It is a new Era of challenges for the maintenance activity, and MPMM 2018 is a strategic Forum to discuss them. MPMM has a special topic about Climate Change, and about the Maintenance role to the future sustainability.

This Special Issue focuses on these topics, and on advanced maintenance activities in general, comprising but not limited to:

- Maintenance Trends (Maintenance 4.0; Remote maintenance; Predictive maintenance; Big Data; IoT, IoS, and Protocols);
- Maintenance Performance and Measurement (Efficiency, effectiveness, productivity; Life Cycle Cost optimization; Quality, risk and maintenance services; International Standards and Certification);
- Maintenance Technology and Management (Maintenance management systems; Maintenance tools and innovations; Performance measurement; Physical Asset management and Maintenance management).

A significantly extended version of these papers will be submitted and additional reviews will be made. Papers submitted to the special issue are subject to no Article Processing Charges.

**Important Dates**

- Conference dates: June 21-22, 2018
- Manuscript submission deadline: August 29th, 2018
- Notification of Acceptance/Rejection/Revision: September 30th, 2018
- Final papers submission deadline: December, 2018
- Tentative Publication Date: 1st Quarter, 2019

**Guest Editors**

- Professor Diego Galar, Luleå University of Technology, Sweden
- Professor José Torres Farinha, University of Coimbra, Portugal
