ISBN: 9781439845530

e-ISBN: 9788770222860

Price: \$ 120.00

Distributed exclusively by Routledge

Description:

This text addresses in great detail the requirements for designing, implementing, and managing programs and procedures for the maintenance of major building elements from the foundation to the roof, including interior and exterior support systems and sitework elements. Topics include facilities as assets, major renovations, preventative maintenance, special maintenance considerations, and designing for building maintenance.
