Sensors & Instrumentation and Aircraft/Aerospace Testing Techniques, Volume 8

Proceedings of the 41st IMAC, A Conference and Exposition on Structural Dynamics 2023

Editor: Chad Walber, The Society for Experimental Mechanics, Bethel, USA

Sensors & Instrumentation and Aircraft/Aerospace Testing Techniques, Volume 8: Proceedings of the 41st IMAC, A Conference and Exposition on Structural Dynamics, 2023, the eighth volume of ten from the Conference brings together contributions to this important area of research and engineering. The collection presents early findings and case studies on fundamental and applied aspects of Shock & Vibration, Aircraft/Aerospace Testing Techniques including papers on:

- Alternative Sensing & Acquisition
- Active Controls
- Instrumentation
