## **Hydrogen & Fuel Cells Advances in Transportation and Power**

**Author:** Michael Frank Hordeski

The hydrogen car has been proposed as the solution to our oil problems, but how would it work, and what potential problems associated with it? This book addresses these questions and provides specifics about current developments toward a hydrogen-based energy infrastructure. It offers the reader an informed look at the current state of fuel cell power and transportation technology, and where it's headed.

Michael Frank Hordeski
