River Publishers

Disaster and Recovery Planning A Guide for Facility Managers, Sixth Edition

Author: Joseph F. Gustin

This new edition of a bestseller book addresses the complexities of disaster preparedness and business continuity. Updated with the latest statistics, the new edition includes an overview of natural disasters, coverage of computer and data protection expanded to include cyber-attacks on the private sector, and information on managing data privacy. It also includes the latest information on dirty bombs, chemical and biological agents and weapons, disaster planning and recovery issues, regulatory influences and emergency preparedness. This reference highlights the importance of prevention as well as controlling the effects of a disaster on a company's operations.
